We answer your questions

Does my profession exist in Germany?

We will check if an equivalent German profession for your foreign qualification exists.

Do I have all necessary documents and certificates?

We will check if your documents and certificates are complete and significant for recognizing your profession in Germany. We will support you in gathering missing documents and corresponding with administrative offices and examining sections.

What do I have to do in order to get my profession recognised?

If changes are high that your profession will be officially recognised, we will recommend an official recognition procedure. We will accompany you until the procedure is completed.

What are the costs for an official recognition procedure?

Costs range from 50 to 600 Euro. If you are registered at a Jobcenter or the Agentur für Arbeit, costs may be covered by the institutions.
